

Brantz Rally Clock/Timer

BR32

Oct 2010

Right Track Enterprises Ltd

www.brantz.co.uk

The Rally Timer is built at the same height and with the same bright red digits as the BRANTZ Internationals and sits comfortably along side them. The six digit clock shows as 12 or 24 hr formats and holds the time of day when the remote button \$provided as standard\$ is pressed. The four digit stopwatch halts at the same moment. The stopwatch will show cumulative or re-zeroed elapsed time. A special function will allow the stopwatch to count seconds to 9999 instead of minutes and seconds if desired. This function is useful for historic rallying and other events which call for a seconds counter. The case dimensions are approx 70mm x 100mm x 40mm
